Landlord Verification of Vacant Rental Property

The undersigned landlord hereby applies for a suspension of residential garbage service for the service addresses listed below. The undersigned landlord has been advised that any suspension of residential garbage service requires application to be made prior to the 23rd of the month before the suspension is to commence and that further it will be in effect only if approved by the BPW and will only be in effect during periods when the residence is actually vacant during the entire month (no partial month credit will be given).

The undersigned landlord hereby certifies that the information below is true and correct and that he / she will advise the BPW immediately when the residence is again occupied. Failure to notify the BPW when the residence is again occupied will cause all of the fees during the suspension period to be reinstated and no further suspensions of service will be allowed at that service address for a period of one year.
